

# Don Diablo, The Same Way

we were young  
we were far from home  
dancing in the streets down in Mexico  
we were ocean's worlds apart  
till we found each other on that old town bar

can you feel it  
can you feel it  
say you feel the same way I do  
can you feel it  
can you feel it  
feel it in your blood like I do
