Jason Mraz, More Than Friends (feat. Meghan Tr

if feels like we've been friends forever
and we always see eye to eye
the more time we spend together
the more I want to say, what's on my mind

take it easy
cause it ain't easy to say
I wanna be more than friends
I wanna be more than friends
I wanna tell everyone you're taken
and take your hand until the end
I wanna be more than friends

at the risk of sounding foolish
I don't wanna fool around no more
if we're gonna do this then let's do this
you can fix my broken heart it it's all yours

so take it easy
cause it ain't easy to say
I wanna be more than friends
I wanna be more than friends
I wanna tell everyone you're taken
and take your hand until the end
I wanna be more than friends

I am asking you to be my baby
I am giving you my heart, don't break it
I;m crusing and I am going crazy
either way I know we'll make it

take it easy
cause it ain't easy to say
I wanna be more than friends
I wanna be more than friends
I wanna tell everyone you're taken
and take your hand until the end
I wanna be more than friends
