Jax Jones, This Is Real (feat. Ella Henderson)

what you gon
what you gonna do?

I am fallin', and fallin' down
cause you're going to my head
can I recognize the sound?
my own heart callin'

I found some way
I found someone
I found someone
someone that I believe
believe

this is real
and you be …
this is real
and I could never have bought
and I've been hold it on
and I've been hold it on
and you somebody
I give the love
and I never give you up
