Jonas Blue, LÉON, Hear Me Say

All the late night conversations
Way ttoo many hasitations
Feel the doubt, i feel the doubt
And the memories i’v ebeen saving
But the good ones they’re all fading
Fading out, they’re fading out

I hear you calling out my name
Oh we can’t go back
And that’s a shame

Wish i would tell you
There’s no one to blame
Wish i would tell you
I still feel the same
I want you to know now
that iy was never in vain
and that’s the last thig you’ll hear
you’ll hear*
