Justin Bieber, Get Me (feat. Kehlani)

you don’t compare
don’t fit in with ‘em,
do you get me?
judging by the way you open up, you get me
out of this world
hands on baby, now you send me
look in’ at the way we’re blending in
you get me

you get me
you get me

see, you looking beyond the surface
can tell by the questions you’re asking
you got me low-key nervous
it feels like we’re on the same wave
never intended to relate
I mean, what are the chances?
never thought I’d connect whit you
not in these circumstances

you don’t compare
don’t fit in with ‘em,
do you get me?
judging by the way you open up, you get me
out of this world
hands on baby, now you send me
look in’ at the way we’re blending in
you get me

you getting’ me
you getting’ me

[Kehlani:]
There’s so much chemistry
like a chemist how you finishin’ my sentences
n the center, no we can’t deny the synergy
how ‘bout reapin’ all the benefits?
never intended to relate
I mean, what are the chances?
never thought I’d connect whit you
not in these circumstances

you don’t compare
don’t fit in with ‘em,
do you get me?
judging by the way you open up, you get me
out of this world
hands on baby, now you send me
look in’ at the way we’re blending in
you get me

you getting’ me
you getting’ me

oh, you get me
you get me
you get me
tou get me
yeah, yeah
