

# Ella Henderson, RISK IT ALL

I heard  
That you now longer together  
Forget her  
She never love like i did

I wasn't ready  
But now i am ready for you  
The way has been heavy  
Say that you miss me  
I know i am unsteady  
And i don;t need something what's worst

I thinking about the love you gave every day  
I thinking about the hope you gave to get away  
And baby if you give me a chance  
And can all do again  
I don't wanna risk it all
