Kali Uchis, Body Language

I wanna know if you want to
I wanna go if you want to go
I’m sick and tired of talking
told you everything you need to know

cause the rest is in the body language
do you hear me?
can you feel me now?
yeah, the rest is in the body language

didn’t wanna have to do it
didn’t wanna be the one to say
never wanted to go through it
I think about it most every day

now I’m packing all my bags
and I am leaving ti behind
rthere’s no tracking where I;m going
there’s no me for them to find

just come closer
closer, closer, closer , closer
I wanna know who you are
just come closer
closer, closer, closer , closer
