Kamil Pawelski (Ekskluzywny Menel), Waiting Ro

I had eunuch
How long the man suppose to … life
Waiting all the storm that won’t let …
How long

I close my eyes
And wander if God is on my side
And all my prays just bouncing on the skies
How long

Here I am
Once again in the waiting room
Who been to hear good news
Who been to hear good news
Here I am
Once again in the waiting room
Who been to hear good news
Who been to hear good news

They had enough
This empty words that try to cheer me up
I want a fake smile
But I’m not that taught

You’re all I’ve got
I’m choking bad ..thinks
And try not to fall apart
Letting time away
As hard as far
So ..

Here I am
Once again in the waiting room
Who been to hear good news
Who been to hear good news
Here I am
Once again in the waiting room
Who been to hear good news
Who been to hear good news

I wanna hear your heart beat
I wanna hear your heart beat once again
I wanna hear your heart beat
I wanna hear your heart beat

Here I am
Once again in the waiting room
Who been to hear good news
Who been to hear good news
Here I am
Once again in the waiting room
Who been to hear good news
Who been to hear good news
