Katie Melua, A Love Like That

I’m taken in by what you’ve told me
But keep it all inside your songs
This isn’t real , you don’t even know me
How am i what you’re thinking of

You see you’re tiurning a little crazy
Speakinf love into the dust
I’ve seen it torn into every shape
I’ve seen it leaving fast

It’s a burnig fire
It’ll be a wreck
A bitter ream
It falls like rain
It turns to dust
How do you make a love like that last?
How do you make a love like that last?

If you wanna know the answer’s yet
I want you for my only one
Everything feels inside out
My blood is burning in the sun

How did you make the rays so strong
The haze of love when you are near
Aren’t afraid of the state of us
When it disappears?

It’s a burnig fire
It’ll be a wreck
A bitter ream
It falls like rain
It turns to dust
How do you make a love like that last?
How do you make a love like that last?
It’s a burnig fire
It’ll be a wreck
A bitter ream
It falls like rain
It turns to dust
How do you make a love like that last?
How do you make a love like that last?
