Kehlani, CRZY

Crazy
I go, I go, I go, I go

Everything I do, I do it with a passion
If I gotta be a bitch, I'mma be a bad one
I'm AI with the designs [?]
Bounce back game good, why we talking we practice?
Pull up score when I want to
Best thing, next to heaven
They be tryna count me out though
I'm just countin', countin' blessings
A real woman bout her paper
Niggas don't know where I came from
Boy I really really came up
You never could say I'm lacking
All the shit that I've been through only made me more of an assassin
I kill 'em, I kill 'em, I kill 'em with compassion
And baby if they askin'…

Tell 'em, tell 'em, tell 'em, tell 'em
I go, I go, I go, I go crazy, crazy
I go, I go, I go, I go crazy, crazy
Live for the challenge, only makes me stronger
One more reason to turn up on 'em
I go, I go, I go, I go crazy, crazy

Lit, lit, lit, lit
Only L I take is to the face
You showed up to see me lose
But I overcome so you overcame
Basic, basic, ain't nothin' bout me basic
Crazy, I'm crazy
Better watch what you say to me
'cause Young Sway got the answers
Give 'em hell, give 'em pressure
VIP couch, no manners
Dirty dirty dirty dancin'
Take a look at what I did
Go full circle with the wrist
Whippin' whippin' up the grit
Get a handful of this nasty
I got it, I got it, I got it and you gon' respect it
Ain't nothin', ain't nothin' gon' stop me from makin' it happen
So baby if they askin'…

Tell 'em, tell 'em, tell 'em, tell 'em
I go, I go, I go, I go crazy, crazy
I go, I go, I go, I go crazy, crazy
Live for the challenge, only makes me stronger
One more reason to turn up on 'em
I go, I go, I go, I go crazy, crazy
I go, I go, I go, I go crazy
I go, I go, I go, I go crazy, crazy, crazy
