Kesha, Resentment (feat. Sturgill Simpson, Brian

i feel loved and then i feel used
nobody makes me feel the way that you do
and sometimes I /3x
just can’t stand it
isn’t that just the thing about us
I am still thinking that you cold be the one
but you’re always /3x
taking me for granted

i got something i gotta get off of my chest
I’ve been staying up while you’re sleeping in my bed

I don’t hate you, babe
it’s worse than that
cause you hurt me and I don’t react
I’ve been building up this for months
oh, resentment

you say you know me like you know yourself
but there’s a part of you that you can’t help
and you say you can’t do it
just do it, just do it for my sake
it’s a shame knowing we cou;ld be good
you treat me better if you really wanted to
and if you can’t do it for my sake
then do it for our sake

I don’t hate you, babe
it’s worse than that
cause you hurt me and I don’t react
I’ve been building up this for months
oh, resentment

don’t know how to leave or how to stay
so I’ve been talking to strangers
cause I can’t talk to you anymore that way that I let you down
cause you let me down
but you would never say that I let you down
that you let me down, yu let me down

I don’t hate you, babe
it’s worse than that
cause you hurt me and I don’t react
I’ve been building up this for months
oh, resentment
