Kimbra, Top of the World

on a condition
we on our way to the top
we got the world at our fingers
we make the penny drop
gotta get in and get outta the gate
I on’t stop till I wake
I’ll say it loud till I mean it
talk like I be the messiah

I’m on the top /3x
of the world
see me run /3x
with the girls
I’m on the top /3x
of the world
need a brake
then I’ll take

(…)

euphoria
mystery like a new treasure
we go so good together
search all my life to find better
but I won’t hold my breath
I’ll just fill up and deliver
they got attention deficit
waiting for their love to visit

all my life turn to dust
all I knew who to trust
had a chance for good love

see me on tele
see me on billboards in Paris
see me with white picket fences
now watch me built up my palace
now out on the run
you’ll see me gathering might
won’t forget where I started
where we will break from

cause I’m on the top /3x
of the world
see me out /2x
with the diamonds and pearls
I’m on the top /3x
of the world
they can talk /2x
but I got the good word

man it’s crazy to define bran new
it’s amazing I got high on few
but tonight I;m feeling tired and alone
dear Lord, I hope we didn’t go wrong

I think I’m winning
feel lie I’m in it
feels like I;m in it
feel like a god
I’m in demand
they’re on my time
one in a million
fore they could find

we beak from the gardens
I wanted to follow you
beak from the gardens
I wanted to follow you
