# Kings Of Leon, WALLS

I can get there on my own
You can leave me here alone
I’m just trying to do what’s right
A man ain’t a man unless he’s fought the fight
I could never point you out
Waste of space in a faceless crowd
Tell me, what I have to see
If you know what’s right then you’ll walk away

When the walls come down /4x

One by one I'm seeing them fall
Some just don’t show up at all
I’m just here to fight the fire
A man ain’t a man unless he has desire

When the walls come down /4x

You tore out my heart
You threw it away
Western girl, Eastern nights
Took a wrong turn and found surprise awaits
Now there’s nothing in the way
In the way /3x

When the walls come down /4x

You tore out my heart
You threw it away
Western girl, Eastern nights
Took a wrong turn and found surprise awaits
Now there’s nothing in the way
In the way /3x
