The bad..., the evil, the bad the evil.

Yo if it wasn't for your whip I'd have nothing to strip

If it wasn't for wrist's I'd have nothing to slit

If it wasn't for the shrooms I'd have nothing to chew

Im just fucking wit chu cause' I got nothing to do

[Eminem]

I came in the diner with skateboarders, placed orders, ate orderives, and hit the waiter with plate warmers. Let you inhale the glock smell when im ripping you wallet off, slippin the molatoff in your cocktail. Burning your contracts, punch your acheing arm in the face messes his glasses and turned then to contacts, your mothers so shit, if It's missin I took it, nurse look at this straight jacket It's crooked!! I go to jail and murder you from the cell, put a knife in an envelope and have you stabbed in the mail. So how do you describe someone with a dicapitated head when the rest of his bodys still alive runnin.
