

# Eminem, Detroit Rap City

[ Chorus - Eminem ]

Where's my gangstas and all my thugs?  
Throw them hands up and show some love  
And I Welcome u to Detroit City  
I said welcome to Detroit City  
Every place everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky  
That's whats good man they all say Tricky

[ Verse 1 ] [ Eminem ]

Click click boom, just as soon as we hit the room  
You can hear 'em holla Goon Squad in this bitch  
Let me hear you holla Good Squad in this bitch  
Let me hear you holla Runyon Ave. in this bitch  
So who am I gonna call on when I ain't got them boys with me  
And the situation gets a little sticky  
I'ma dial 911 like a mufuckin' punk, fuck that, bla bla  
I'ma call that rude boi from Detroit Trick Trick  
Quick come pick me up, bring them guns  
Come to the club, meet me out front  
There's some chump up in this bitch  
Poppin' some junk cause he's drunk  
And we may have to fuck his ass up  
Cause uh somethin' smells a lil fishy  
And I don't like the way his boys keep lookin' at me  
So homie come get me, Shut up boys what up though I see you  
Rock Bottom, yea I see you, all my Detroit people  
Where you at man, let me see them hands in the sky  
Detroit mufuckas till we die

[ Chorus - Eminem ]

Where's my gangstas and all my thugs?  
Throw them hands up and show some love  
And I Welcome u to Detroit City  
I said welcome to Detroit City  
Every place everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky  
That's whats good man they all say Tricky

[ Verse 2 ] [ Trick Trick ]

Homie its been a long time comin' and I'm straight with that  
Marshall call me 50 ??? and laced the track  
This the beat you hear it bangin', he produced it himself  
My bad almost forgot to introduce myself  
My name is Trick Trick, head of the Good Squad  
And gangsta, been bangin' the underground since 95 we're bangin'  
Elected to be the villain, and certified a menace  
Holdin' it down since I paroled, up outta prison  
You heard about me, you just didn't know it was me  
All the treacherous, evil deeds of the D you ever see  
Pickin' that kid up in the game, I just wasn't chasin' the fame  
I been chasin' the paper product and givin' lames the pain  
Accusations of violence you know you done heard of that  
A quarter of a million dollars for beatin' a murder rap  
And my boy holdin' me up, Shady done put it out  
Trick Trick and Eminem, Detroit back in the house

[ Chorus - Eminem ]

Where's my gangstas and all my thugs?  
Throw them hands up and show some love  
And I Welcome u to Detroit City  
I said welcome to Detroit City

Every place everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky  
That's what's good man they all say Tricky

[ Verse 3 ] [ Trick Trick ]

Ayo Em, you ever need one of these weapons come get it  
&gt;From now on every beef that you get in homie I'm in it  
I been ridin' for this city, whether wrong or right  
I been whippin' on mothafuckas for the longest time  
So it's evident, it's time for Trick to get it fast  
The public, see they appreciate my criminal past  
Authorities tried to stop me but they couldn't keep up  
Got a fanbase that's bigger than an average star  
I'm satisfied with it bein' my time to shine  
And I freak from the precinct for violent crimes  
I ain't sayin' the shit that I'm sayin' so girls can feel me  
Only speakin' on what I know so the world can hear me  
So peace to Jimmy and Dre for signin' my nigga  
He reached back to Detroit and grabbed a winner  
So the gangstas and thugs, we embrace the love  
And beat the hell outta anyone that fucks with us

[ Chorus - Eminem ]

Where's my gangstas and all my thugs?  
Throw them hands up and show some love  
And I Welcome u to Detroit City  
I said welcome to Detroit City  
Every place everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky  
That's what's good man they all say Tricky

[ Outro ] [ Trick Trick ]
