Lady GaGa, 911

Turnin' up emotional faders
Keep repeatng self-hating phrases
I have heard enough of these voice
Almost ike i have no choice
Thi sis biological stasis
My mood's shifting to manic places
Wish i laughed and kept the goog friendship
Watch me, here i go again

I can't see my cry
I can't see my cry ever again
I can't see my cry
I can't see my cry
This is the end

My biggest enemy is me, pop a 911
My biggest enemy is me, pop a 911
My biggest enemy is me ever since day one
Pop a 911, then pop another one

Keep my dolls inside diemond boxes
Save 'em till i know i am gonna drop this front
I've built around me oasis
Paradise is in my hands
Holdin' on so tight to this status
It's not real, but i'll try to grab it
Keep myslef in beautiful places
Paradise is in my hands

I can't see my cry
I can't see my cry ever again
I can't see my cry
I can't see my cry
This is the end

My biggest enemy is me, pop a 911
My biggest enemy is me, pop a 911
My biggest enemy is me ever since day one
Pop a 911, then pop another one
