

Eminem, Higher

You know i've been around for a while now
Not sure if have much left to prove
Yeah, i do

I look at me now
I am thinking' damn
How proud of me i am
What i did
It's nothin' to sneeze at
Even if your allergies are bad

I am up in a balcony in France
I look around, i see the fans
How tehly surround me in the stands
Probably could drown in a sea of hands
They hollerin: Shady
Yellin it out to me
And that's whan i mean when i say
The one day someday
Someday
If i get a Chance to get a crowd
I'll flip it around and have a crowd give me the Chance
I've done it all, man
But in actuality i haven't yet
Where am i supposed to go from here?
Really i have no idea
