Liam Payne, Sunshine (piosenka z filmu Ron Ust

You’re like a sunsine
Only giving new vibes
Anything that you want
Pulling me out
Never let me down
And i wanna make sure you know it
You’re like a sunshine and you give me good vibes
And you anytime that you want
Can’t believe that i found my sunshine

Hey, everyone’s trying to be the same
Telling me true, i was wrong the way
But you really are something different
You do you and it must be nice
And i think it’s rubbin’ off on me

oh yeah
i step to the left
i step to the right
do what you want
what really matters is the jurney that we’re on
Wnen i am with you i wanna know where i belong
I belong

You’re like a sunsine
Only giving new vibes
Anything that you want
Pulling me out
Never let me down
And i wanna make sure you know it
You’re like a sunshine and you give me good vibes
And you anytime that you want
Can’t believe that i found my sunshine

I was realy invisible
Didn;t know this could be possible
All right, but you really are something different
You do yu , just wark it out
And i think it’s rubbin’ off on me

oh yeah
i step to the left
i step to the right
do what you want
what really matters is the jurney that we’re on
Wnen i am with you i wanna know where i belong
I belong

You’re like a sunsine
Only giving new vibes
Anything that you want
Pulling me out
Never let me down
And i wanna make sure you know it
You’re like a sunshine and you give me good vibes
And you anytime that you want
Can’t believe that i found my sunshine
