

# Eminem, Jet Remix/War

if you had one shot one opportunity  
to fight for your country will you fight  
or will you go down with no honor  
oh his palms are sweaty  
guns slippen all ready  
there nervous but on the surface  
they look calm and ready to drop bombs  
While looken at the flag  
the whole land goes so loud  
everybody open there ears right now to go check it out but  
clocks run out times up over blow  
snap back to reality op there goes everybody  
they now there whole life is on the line  
but it dont matter  
the front line goes to the ground  
they now there going so down  
everybody is screaming now  
so the better go capture this moment  
and go kill every man they got
