Ready to hold it steady....Speakin of hold it steady....
You can hold my nuts steady and then....
I can stick my dick in you like a machete...If you're a girl...
If you're a girl then you're my world...And I will kill anybody...

It doesnt matter cuz I'm Eminem
And I'm Slim...I'm also slim and your future's Whim

[Proof]

Cuz I'm so horny...and your lyrics are so corny
That they bore me and I woke up too late this morning
Or too early...wait a minute there goes Shirley...
The girly I fucked last year when her hair was curly
Couldnt remember it cuz I was Infinite
And I met ken Kaniff in Connecticut
He said his predicits and pronouns and wanted to throw down
And he said I like you...and then he walked up and said let me snake bite
you
And I said hell no...kicked him with my shell toe...
Gave him a elbow...Ayo Proof ...go....

[Proof]

Yo it's the D to the 1 - 2

[Eminem]

Go and see I'm an invincible Mc
If you dont believe it then you wanna try to convince me
That you're dooper than me...which we'll hope
You would hope to be....but hopefully I will rock globaly
And nationwide...thats why my ass is wide
Thats why your ass just died on the passanger side...
Like a fuckin ride...when it got shot up by a drive by
When I drove by 5 times and gave it five tries
And still missed it
I got a fuckin mental illness a gentle stillness...
Violence...complete silence is what I need in the room while I freestyle
What I need is to do...what is need is smoke weed and brew
And.....smoke brew ? You don't smoke brew...
If you do I'll choke you and then I garauntee I'll out smoke you
You're crew's a joke too and i can stick my dick in a bitch and poke you....

[Eminem]

The rhyme that I dropped is stickin up IHOP
In high tops and walking around like a one eyed Cyclops
And you can't see me....I only got one eye and I can still see you

[Eminem]
