Lilithzplugz, CLEARED - Remix

I'll do it, you lazy bitch
Fuck it, let's go (let's go)
Take it (take it) real slow
Take it (take it) real slow
Take it (take it) real slow
Fuck it, let's go (let's go)
Take it (take it) real slow
Take it (take it) real slow
Take it (take it) real slow
Watch how I walk
Watch how I talk
Watch how I vogue on the floor
Down on the floor
Only one can be crowned
Fuck how you feel
As long as I clear the room, the room
Ain't nobody clearing nothin'
Ain't nobody stealing nothin'
Away from me
Away from me
You can strut across the floor
Let your hair hang down some more
Just for me
Just for me
These bitches don't support me
These bitches are waiting for my motherfucking downfall, bitch
But I will never motherfucking fall
They're waiting for my downfall, bitch
But I will never fall, bitch
Ten years motherfucking strong in the motherfucking bitch
The only way
Fuck it, let's go (let's go)
Take it (take it) real slow
Take it (take it) real slow
Take it (take it) real slow
Fuck it, let's go (let's go)
Take it (take it) real slow
Take it (take it) real slow
Take it (take it) real slow
That's what I wanna see (oh-oh-oh)
That's what I wanna see (oh-oh-oh)
That's what I wanna see (oh-oh-oh)
That's what I wanna see
Fuck it, let's go (let's go)
Take it (take it) real slow
Take it (take it) real slow
Take it (take it) real slow
Fuck it, let's go (let's go)
Take it (take it) real slow
Take it (take it) real slow
Take it (take it) real slow
