Little Mix, Dear Lover

[Verse 1: Leigh-Anne]
I've seen some places and so many faces
But you look like home tonight
You crave attention and I need affection
So let's walk the silver line

[Pre-Chorus: Perrie]
All you need is my
All you need is my love
I got a little bit left to give up
All I need is your
All I need is your touch
Baby, that's all I'm asking of you

[Chorus: Jade]
Dear lover
I'm incapable of saving your heart this time
But if you wanna
I'll pretend to be your hero for just tonight

[Break]
I'll pretend to be your hero for just tonight

[Verse 2: Jesy]
You've been believin'
There's more to this feelin'
I swear, I wish there was
But when the moment is over
We'll walk away closer
Maybe that's good enough

[Pre-Chorus: Jade]
All you need is my
All you need is my love
I got a little bit left to give up
All I need is your
All I need is your touch
Baby, that's all I'm asking of you

[Chorus: Leigh-Anne]
Dear lover
I'm incapable of saving your heart this time
But if you wanna
I'll pretend to be your hero for just tonight

[Break]
I'll pretend to be your hero for just tonight

[Pre-Chorus: Leigh-Anne]
All you need is my
All you need is my love
I got a little bit left to give up
All I need is your
All I need is your touch
Oh, baby that's all I'm asking of you
Ooh

[Chorus: Perrie and all, (Leigh-Anne), Jade]
Dear lover (dear lover, dear lover)
I'm incapable of saving your heart this time (Incapable of saving)
But if you wanna
I'll pretend to be your hero for just tonight (Tonight)

[Break]

I'll pretend to be your hero for just tonight
