Little Mix, Love (Sweet Love)

I been waiting patiently like all my life
nobody ever seems get it right
its like, I’m the only one who knows just what i like
what can I say?
I just can’t help it,
Tonight i’m feeling selfish

what I do, shouldn’t phase you?
No!
it’s just human nature
Do i invalidate you
Don’t need your love to love me

be my own celebration
solo stimulation
use my imagination
Don’t need your love to love

I been spending time on everybody else
it’s time i did it for me
never kept my magic all to myself
so now I’m gon give it to me
And when it’s said and done
i’m gonna show me some
Love sweet love

I am gonna give it to me
Gimme soem of that
Love sweer love
I am gonna give it to me
Gimme soem of that
Love sweer love
I am gonna give it to me
Gimme soem of that
Love sweer love

I’ve been thinking i should spend a littel more time on me
I like him, but in’t nothing but a guy to me
See, me and my tips gonna give me all i need
What can i ay
I just can’’t hel pit
Tonight i am feeling selfish

what I do, shouldn’t phase you?

it’s just human nature
Do i invalidate you
Don’t need your love to love me

Don’t need your love to love

I been spending time on everybody else
it’s time i did it for me
never kept my magic all to myself
so now I’m gon give it to me
And when it’s said and done
