Dr Ross:

Christine, u love it when i stretch hey?

U love it when my arms go up like im about 2 get laid

I think i might prescribe u something 2 make u

fuck like superman then dopey-d can rape u

the only bush im beatin' round is Leonie's

I wanna un-do my fly and wait 4 u 2 comb me

whenever u leave i feel so lonely

u own me, p.s. fat shit i take head only

Dopey-D:

Im not in thinking mode

I feel like drinking ..oh

those passionate nights

Hold up. Do u think im like some sort of bad kisser when im drunk?

how would u know? u know because who cares. i mean i do

but cosmo says if ur a sloppy kisser it means u just really

wanna huh-huh that person.

So next time we're 2gether lits pick up the pace

im sloppy but u can spit all over my face

but that wont happen because

Ha Ha!

U r never gonna kiss me Leonie is so stoopid.

Im not sick of hearing about her but it would

be better if u actually came out feeling a little optimistic

about this cursed ass hopeless life.

i cant think.
