Little Mix, Stand Down

(Daddy said, "You get once chance in life.") [2x]

[Jesy:]
Let me start it by telling you something
I think there's one thing you should know
We ain't playin' no games, this ain't no playground
It's time to drop your sticks and stones

[Perrie:]
'Cause I've been chasing dreams since I took my first sleep
And I'm gon' be lil' Bo so contemplate if you're the sheep
And we gon' make a humble pie so egos cut a slice and take a piece, hey

[Jade:]
So, you see, there's no point in underestimating me
Lock up all your thoughts and throw away the key
No, I don't want to hear it 'cause your, no, it doesn't bother me

[All:]
Now I'm done with all your negativity
And I'm gonna let it wash all over me
I'll be stronger than your words, baby, I'm harder
My smile lights up the world, I'm flyin' higher
So stand down (don't wanna hear it)
Back it up now (don't wanna hear it)
Stand down (don't wanna hear it)
Back it up, back it up-up now
Stand down (don't wanna hear it)
Back it up now (don't wanna hear it)
Stand down (don't wanna hear it)
Back it up, back it up-up now

(Daddy said, "You get once chance in life.") [2x]

[Leigh-Anne:]
Come a little bit closer
Let me tell you about a girl you used to know
She ain't waiting for luck, no wishful thinker,
She's gonna do it on her own

[Jade:]
So, you see, there's no point in underestimating me, to me
Lock up all your thoughts and throw away the key
No, I don't want to hear it 'cause your, no, it doesn't bother me

[All:]
Now I'm done with all your negativity
And I'm gonna let it wash all over me
I'll be stronger than your words, baby, I'm harder
My smile lights up the world, I'm flyin' higher
So stand down (don't wanna hear it)
Back it up now (don't wanna hear it)
Stand down (don't wanna hear it)
Back it up, back it up-up now
Stand down (don't wanna hear it)
Back it up now (don't wanna hear it)
Stand down (don't wanna hear it)
Back it up, back it up-up now

[Jesy:]
L-ladies, let's break it down

[All:]
Scuba-da, boba-da, boba-da ba

Scuba-da, baduba-ba, baduba-ba ba
Scuba-da, beeb do da bo dap
Scuba-da, baduba-ba, baduba-ba, baduba-ba, baduba-ba, baduba-ba-ba-bo bada, now click

Take a listen to me,
'Cause I'm a tell you tonight
Oh, whoa, whoa

Now I'm done with all your negativity
And I'm gonna let it wash all over me
I'll be stronger than your words, baby, I'm harder
My smile lights up the world, I'm flyin' higher
So stand down (don't wanna hear it)
Back it up now (don't wanna hear it)
Stand down (don't wanna hear it)
Back it up, back it up-up now
Stand down (don't wanna hear it)
Back it up now (don't wanna hear it)
Stand down (Don't wanna hear it)
Back it up, back it up-up now
