Louis Tomlinson, We Made It

cos we made it
underestimated
i am always underrated
now were saying goodbyes
waving to the hard times
yeah, it’s gonna be alright
like the first time
mat you at your doorstep
remember how it tasted
looking into your eyes
baby you were still high
never coming down
whit you had in mine

oh my
I remember those nights
meet you at your uni, cheaps drinks
drink them all night
staying up till sun rise
share a single bed
and tell each other what we dream about
things we’d never say to someone else out loud
we were only kids just tryna work it out
wonder what they’d think if they could see us now

yeah cos we made it
underestimated
i am always underrated
now were saying goodbyes
waving to the hard times
yeah, it’s gonna be alright
like the first time
mat you at your doorstep
remember how it tasted
looking into your eyes
baby you were still high
never coming down
whit you had in mine

oh god
what I could’ve become
don’t know why they put this all on us
when were so young
done a pretty good job
dealing whit it all when you’re here
don’t need to say no more
nothing in the world that I would change it for
singing something poop-y on the same four chords
used to worry about it but don’t know more

yeah cos we made it
underestimated
i am always underrated
now were saying goodbyes
waving to the hard times
yeah, it’s gonna be alright
like the first time
mat you at your doorstep
remember how it tasted
looking into your eyes
baby you were still high
never coming down
whit you had in mine

whit your hand in mine

no, no, no
cos we made it
yeah, cos we made it
never coming down
whit your hand in mine
