Lucas & Steve, Say Something

i;ve been down every road
every city seen every view
chasing the stars in the back
of my cargo I had a few
cross every city you know
I would
why wouldn’t I it’s just so good
every road, every river
I travel leads back to you
Ooh, darlin' say something,
when let me steal one kiss
darlin’ sweet-loving
when it feels like this
cross every city you know
I would
why wouldn’t I it’s just so good
Ooh, darlin' say something,
Ooh, darlin'

Hey!
Ooh, darlin' say something,
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know

we keep on kissing like nobody
is watching us in the crowd
my youth is with you now I am facing
the truth which is saiud all down
cross every city you know
I would
why wouldn’t I it’s just so good
but I am finally here with you
Ooh, darlin' say something,
let me steal one kiss
darlin’ sweet-loving
when it feels like this
cross every city you know
I would
why wouldn’t I it’s just so good
Ooh, darlin' say something,
Ooh, darlin'

Hey!
Ooh, darlin' say something,
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
