

Forest Blakk, If You Love Her (feat. Meghan Trainor)

Take it
If she gives you her heart
Don't you break it
Let your arms be a place
She feels safe in
She's the best thing
That you'll ever have

She always has trouble
Falling asleep
And she likes to cuddle
While under the sheets
She loves Pop songs
And dancing
And bad trash TV
There's still a few other things *
