Luna, Run This Town (feat. Iyaz)

Oh you and I
are like two satellites
Let’s rule the night
We act like fireflies
Oh nah nah nah, here we come here we go
All up in the clouds
Oh nah nah nah, here we come here we go
You, I run this town

When u get what u want, u don't want what u get.
But this is different got me feelin' like a fat kid
Waiting on the corner for the icecream man
Even my dad said boy she bad
I know huh, ha, Fa sho bruh,
Bottled shape like a Coca Cola
And I'm her cooler, Holding on her
Don't look back ur past is at the door

Oh you and I
are like two satellites
Let’s rule the night
We act like fireflies
Oh nah nah nah, here we come here we go
All up in the clouds
Oh nah nah nah, here we come here we go
You, I run this town

Now you on your way take time love
Rock it to the beat to my rockabye love
Baby gimme all that push it to the max
Don't hold back, mama throw that shit back
You can have it if you want it
Only if you you promise you behave in the mornin’
No waitin’ for it baby this is timeless
G5 to another comin’

Oh you and I
are like two satellites
Let’s rule the night
We act like fireflies
Oh nah nah nah, here we come here we go
All up in the clouds
Oh nah nah nah, here we come here we go
You, I run this town
