

Freya Ridings, You Mean The World To Me

The time I thought that we would have
Was taken from red to black
I said things I can't take back
And I don't know how to live with that

There's a darkness that I've known
And it's shaken me to stone
And it kills me you might not know
After all

I know I don't let you see
but you mean the world to me
and I know that I can be pretty mean
but you mean the world to me

what the hell is wrong with me
I just sat there and watched you leave
I am not this ice queen
and you think I don't feel anything

there's a fear that I've known
and it's cut you to the bone
and I'm so sorry I've never shown
just how much, you hold
cos I know I don't let you see
but you mean the world to me
and I know that I can be pretty mean
but you mean the world to me

world to me /2x

I know I don't let you see
but you mean the world to me
