Madcon, Got A Little Drunk

When we broke up
Found out that you were cheating on me
And when we broke up
I was happy ypo watch you leave
And find another lover
I thought I wouldn’t care
That las weekend when I saw you
I say you standing there

And I tough that it was over
But it isn’t just a little liquors cover got me wishing
All my friends tell me
I shouldn’t know I drinking
But it’s nothing I can do party now

Got a little drunk last night
And I don’t know what I said to you
Got a little drunk last night
And 4 a.m. I started texting you
Al lthe shots I kept on drinking
And it really kept me thinking
Thinking about you and I
So I got a little drunk last night
Go a little drunk last night
