Marshmello x Arash, LAVANDIA

Nafase mani bodo bia
Miodooni ke kheili esghia
Ey joon cheghade lavandia
Khodetam miondooni khoobia

You’re my addiction
Come little closer
You know that you’re all that
God damn you’re so hot
You know you’ve got it

Oon male khdoame
Har ja miram dorame
Ake ji jigarame
Tame labesh rooie labame
Bia będę baghalo
Pishe man bemoono dar naro
Tekon midi badano
Divoone kardi to hamaro

She is mine
Wherever i look she is by my side
She is my girl
The taste of her lips is killing me
Clome closer and never let go
The way you move makes eeryone go crazy
