Marta Gałuszewska, Before You Go

I fell by the wayside like everyone else
I hate you /3x
but I was just kidding myself
our every moment
I started replace
‘cause now that the ,,,
here are the words that I needed to say

when you hold on under the surface
like trouble water running cold
but time can heal but this hurt

so before you go
was there something I could have said
to make your heart beat better
if only I don’t storm to weather
so, before you go
was there something I could have said
to make your heart stop hurting?
it kills me how can I make tou feel so worthless
so , before you go
was never ghe right time
whenever you called
were ittle, by little
by little until here was notjiing at all
our every moment
I started to play
but all I could tthink about
and all I see is the look on your face

when you hold on under the surface
like trouble water running cold
but time can heal but this hurt

so before you go
was there something I could have said
to make your heart beat better
if only I don’t storm to weather
so, before you go

will it be better off right now?
if I’d let my words come down
maybe I guess we’ll never know
you know, you know

before you go
was there something I could have said
to make your heart beat better
if only I don’t storm to weather
so, before you go
was there something I could have said
to make your heart stop hurting?
it kills me how can I make tou feel so worthless
so , before you go
