

# H.E.R., Comfortable

set the tone, when it's just me  
and you alone, and we're ;lonely  
in the room, breathing slowly  
you know me  
meditate, you can take me  
to a place ,where we can be  
all alone, I lte you hod me  
cause you know me

ley your head on my pillow, say oh oh ho  
touching's making me feel a way, ohhh ohh  
when I get around you  
I lose it  
lose it

cause I feel so comfortable whit you  
you make me comfortable whit you  
I feel so comfortable whit you  
you make me comfortable whit you  
you make me

wanna get  
wanna go deep  
into me  
let you in me  
inside  
you deserve it  
oon my mind  
my mind

ley your head on my pillow, say oh oh ho  
touching's making me feel a way, ohhh ohh  
when I get around you  
I lose it  
lose it

cause I feel so comfortable whit you  
you make me comfortable whit you  
I feel so comfortable whit you  
you make me comfortable whit you  
you make me
