Marta Krupa, Thank You

I let you inside
Took all that space
I should've think twice
Fix my mistake

Cause the first never stopped blowing up my phone
And the second put me down
Then the third made me cry cause I care a lot
and the 4th oh my god

Gave you all I had
Took advantage of me
When I cared to much
What a waste of time

Thank you for the stuff you've done (you've done)
Sorry not sorry that you're gone (you're gone)
Feeling better cause I'm on my own
Not alone
You ain't getting close

Thank you for the stuff you've done (you've done)
Sorry not sorry that you're gone (you're gone)
Feeling better cause I'm on my own
Not alone
You ain't getting close

I remember someone tells me I'm not enough
But yet he still calls me up
Nah nah I don't need your love
Come over, grab your stuff

Flyin my girls out to Barcelona
Hitting up the clubs and lose control ya
Now you're gonna see what I haven't shown ya
La vida loca

Gave you all I had
Took advantage of me
When I cared too much
What a waste of time

Thank you for the stuff you've done (you've done)
Sorry not sorry that you're gone (you're gone)
Feeling better cause I'm on my own
Not alone
You ain't getting close

Thank you for the stuff you've done (you've done)
Sorry not sorry that you're gone (you're gone)
Feeling better cause I'm on my own
Not alone
You ain't getting close
