Martin Garrix, Ocean (feat. Khalid)

Tell me what you're crying for
Oh my god ,taste so rough
it you're so in, take in love
we'll come for you for sure

if we're caught in a wave
I will carry you over
it don't matter where you are
I''ll run to your front door
you're my echoes in different directions
you know my heart's never going to move
and in the dark times you don't have to question
if I'm around where were you

you could put an Ocean between our love
love /2x
it won't keep us apart
you could build a wall
I will run it up,
up/2x
just to get to your heart
if we're caught in a wave
baby, we'll make a way
you could put an Ocean between our love
love /2x
it won't keep us apart

loves, between our love /2x

shadows play on out of range
I'll lose myself, I do
but I've found my way to love insane
I'll crash right into you

if we're caught in a wave
I will carry you over
it don't matter where you are
I''ll run to your front door
you're my echoes in different directions
you know my heart's never going to move
and in the dark times you don't have to question
if I'm around where were you

you could put an Ocean between our love
love /2x
it won't keep us apart
you could build a wall
I will run it up,
up/2x
just to get to your heart
if we're caught in a wave
baby, we'll make a way
you could put an Ocean between our love
love /2x
it won't keep us apart
