Meghan Trainor, Make You Dance

All night
I stay up all night on my phone
Watchin' dumb shit
Till three o'cock in ten morning

And lately i've been lazy
I've been drownin' in my head
With these thoughts makin' me crazy
I'd rather dance instead
I can't be the only one

Dance
I dropped this shit to make you
Make you dance
Don't act like you ain't makin' ant plans
Imagine baby, it;s your only Chance
I dropped this shit to make you
I dropped this shit to make you
I dropped this shit to make you

Dressed up
Got all dressed up for no one
Down my Rose
I've neen drinkin'; since one
Cause lately i've been laze
I've been drowning in myty head
Whit tehse thought makin' me crazy
I'd rather dance instead
I can't be the only one
So if you get lobely, just

Dance
I dropped this shit to make you
Make you dance
Don't act like you ain't makin' ant plans
Imagine baby, it;s your only Chance
I dropped this shit to make you
I dropped this shit to make you
I dropped this shit to make you

To make you dance
To make you dance
I cant be the only one
So if you feel lonely, just

Dance
I dropped this shit to make you
Make you dance
Don't act like you ain't makin' ant plans
Imagine baby, it;s your only Chance
I dropped this shit to make you
I dropped this shit to make you
I dropped this shit to make you
