

# Hayley Williams , Watch Me While I Bloom

How lucky i feel  
To be in my body again  
How lovely i feel  
Not to have pretend

Shocking to feel a positive charge  
Innocuous thrill  
Big invisible spark

You wanna look inside of me?  
Just watch me bloom  
You only got one side of me  
Here's something new

I am alive in spite of me  
And i am on the move  
So c'ome look inside of me
