

HRVY, Told You So

Cancel my subscription,
I don't need your issues
Quit trying to make me feel bad
When I can do that on my own

You were my addiction
That's why I'm gonna miss you
Why you trying to hurt me?
When I can do that on my own

All the nights and the fights till we forgot what we were fighting for
And I knew I was right
we can't do it like this no more

I hate that ut didn't work out this time
like you thought it would
I was getting kinda used to to calling you mine
now you're gone for good
I told you that I;m not that strong
I wanted you to prove me wrong
and I hate to say that I told you so
but I told you so
but I told you so
but I told you so

i said from the first kiss
you couldn't help the clock tick
remember how I told you
we were better off alone
All the nights and the fights till we forgot what we were fighting for
And I knew I was right
we can't do it like this no more

I hate that ut didn't work out this time
like you thought it would
I was getting kinda used to to calling you mine
now you're gone for good
I told you that I;m not that strong
I wanted you to prove me wrong
and I hate to say that I told you so
but I told you so
but I told you so
but I told you so
I hate that ut didn't work out this time
like you thought it would
I was getting kinda used to to calling you mine
now you're gone for good
I told you that I;m not that strong
I wanted you to prove me wrong
and I hate to say that I told you so
but I told you so
but I told you so
but I told you so
