MNEK, Tongue

Swimming pool of passion
mutual attraction
we both know there is something going on
there is something going on
didn’t wanna start
this verse with those 3 little words
we both know there is something going on
but I don’t wanna play it wrong

So i‘m not gonna say it
No i‘m not wanna say it
I don’t know how you take it
So I am not try to say it

Coz when I say it the past
each time didn’t last
so I’ma tryna not to say it
but it feels like I might say it

so I am putting both hands
over my mouth
I can only hope
nothing’s gonna come out
but there is on a tip of my tongue
I think I love you
I think you’re the one
so I am putting both hands
over my mouth
I can only hope
nothing’s gonna come out
but there is on a tip of my tongue
I think I love you
I think you’re the one

no big deal
explaining how I feel
I don’t know how has taken us so long
why it has taken us so long
so much hesitation
for that kind of conversation

we both know there is something going on
but I don’t wanna play it wrong

So i‘m not gonna say it
No i‘m not wanna say it
I don’t know how you take it
So I am not try to say it

Coz when I say it the past
each time didn’t last
so I’ma tryna not to say it
but it feels like I might say it

so I am putting both hands
over my mouth
I can only hope
nothing’s gonna come out
but there is on a tip of my tongue
I think I love you
I think you’re the one
so I am putting both hands
over my mouth
I can only hope

nothing’s gonna come out
but there is on a tip of my tongue
I think I love you
I think you’re the one
