Nada Surf, Blankest Year

Oh, to hell with it
Im gonna have a party
Oh, to hell with it
Im gonna have a party
I had the blankest year
I saw life turn into a TV show
It was totally weird
The person I knew I didnt really know
Time dont move
We're the only ones who do
Bending in the reason
Cus its all we hold on to
I had the blankest year
I saw life turned into a TV show
It was totally weird
The person I knew I didnt really know
And I was lonely
Thank god the bands doing well
But you dont owe me
Id like to return this spell
Cuz its not my size
And your lies and so much bigger than my lies
And your ties are made of things that shouldnt be ties
Oh, fuck it
(fuck it)
Im going to have a party
Oh, fuck it
(fuck it)
Im going to have a party
Oh, fuck it
(fuck it)
Im going to have a party
