# Natasza Urbańska, Who We Are (piosenka na Eu

I wish to weave a story
Where souls are not too vain
Where war exists in stories
But no one knows their pain

I’m a little girl with a little dream
Tell me why I’m sorry I’m sorry
I know all the pain
Going to the end
Tell me why
I’m falling
I’m falling

Think about it who we are
We’re all written in the stars
It's easier to think of life as a game

This is love
This is pain
This is fire

In my in my head all the monsters in
my head in my
I don’t care call my angel in the pray
and I
I feel blessed I feel power in my
veins in my
In my veins in my in my veins in my

(Ooo) In my veins in my love and grace in my
(Ooo) In my veins in my in my veins in my

Please believe the story
Where people don’t pretend
Where no one is lonely
And lightness bright the end

Think about it who we are
We’re all written in the stars
It's easier to think of life as a game

This is love
This is pain
This is fire

In my in my head all the monsters in
my head in my
I don’t care call my angel in the pray
and I
I feel blessed I feel power in my
veins in my
In my veins in my in my veins in my

(Ooo) In my veins in my love and grace in my
(Ooo) In my veins in my in my veins in my

Ooo
(In my in my head all the monsters in
my head in my
I don’t care call my angel in the pray
and I)
Ooo
(I feel blessed I feel power in my
veins in my In my veins in my)

in my veins in my

in my head all the monsters in
my head in my
In my veins in my love and grace in my
I don’t care call my angel in the pray
and I
In my veins in my, In my veins in my
