Naughty Boy, Bungee Jumping (ft. Emeli Sande +

i heard my echo calls us
we should take a roadtrip
we take a peace of string and tie
to the end of our shoelaces

my hands will touch the river
and I am gonna kiss you underwater
you gonna tell me about our future sons and daughters

they say
it’s not such thing like magic
they say
enought with all that madness

but I'd rather be scared something
I'd rather go all or nothing
I'd rather be bungee jumping
with you
but I'd rather be risking something
I'd rather be really living
I'd rather be bungee jumping
with you
