

# Inna, Oh My God

So this kid of story  
I don't wanna say too much  
A real vivid memory  
Of telling ypu with every touch

Don't stop /3x  
For a minute  
Let go /3x  
Casue i'm in it now

I am down for no sllep  
So come and give me all that lush

Don't you go ans  
Waste time fighting the rhythm  
This time al lis forviven  
Be my sin for the evening now

I am bust trying to forget oyu  
I am really trying to regret you  
But every night i get reminded of what i've not got

You made my body your religion  
And now i am praying that you keep your faith  
Cause , oh my god, oh my got

You get me all  
Oh my god, oh my god
