

# Ivs Alter, Like a miracle

All this tears I've cried  
When the pain souring my soul  
Every battle  
Every fight  
Took a part of me  
All I have was hope

I was crawling low  
And falling down  
To lose the game  
But I was strong to move one  
And get back again

It's like a miracle  
Now, I love my life  
It's like a miracle  
Come into the light  
It's like a miracle  
See the stars so bright  
It's like a miracle  
I'm done

Happy storylines  
And a scary rides on a bumpy road  
Chapter of my life  
Book of memories  
Treasure to be hold  
I will keep it deep inside  
With all good and wrong  
Found myself  
And now so grateful  
Only get as strong

It's like a miracle  
Now, I love my life  
It's like a miracle  
Come into the light  
It's like a miracle  
See the stars so bright  
It's like a miracle  
I'm done

I'm grateful for every mistake  
And I know  
I wouldn't change a thing  
Thank you, thank you Lord

It's like a miracle  
Now, I love my life  
It's like a miracle  
Come into the light  
It's like a miracle  
See the stars so bright  
It's like a miracle  
I'm done
