Patricia Kazadi, Steppin' On My Heart

life high
almost flyin’
drop with your lies
should crying

inside I hide my feeling
inside so they can’t see it

things just said
what you make me do
I cannot hide
can’t run away from you
coz you’re the best to telling me
to stay or walk away

I feel so good about it
Steppin' On My Heart
I just can’t live without you
without you
without you

Steppin' On My Heart
but I can’t let you go
go
Steppin' On My Heart
but I can’t let you go
go

open my eyes
only to …
my soul must die
only ….

inside I …
inside you I just can’t believe

things just said
what you make me do
I cannot hide
can’t run away from you
coz you’re the best to telling me
to stay or walk away

I feel so good about it
Steppin' On My Heart
I just can’t live without you
without you
without you

Steppin' On My Heart
but I can’t let you go
go
Steppin' On My Heart
but I can’t let you go
go
