## James Bay, Pink Lemonade

Don't fall into my arms don't ask me to repeat it don't suffocate my heart I don't know what I'm feeling

do you wanna talk? do you wanna talk it through swear I ain't got anything on my mind I don't wanna talk to you

don't ask me do you wanna talk? do you wanna talk it through swear I ain't got anything on my mind I don't wanna talk to you

Don't fall into my arms
I'll only disappointed you
I'll let you dpown
don't go sounding the alarms
when all I do is want you

do you wanna talk? do you wanna talk it through swear I ain't got anything on my mind I don't wanna talk to you

don't ask me do you wanna talk? do you wanna talk it through swear I ain't got anything on my mind I don't wanna talk to you

let me wake up heavy head lying in my bed with you naked go put that song on that you love on repeat until we can't take it

I wanna drink pink lemonade watching movie trailers til it's late and let's remember all the words that we think are gonna make our hearts break

do you wanna talk? do you wanna talk it through swear I ain't got anything on my mind I don't wanna talk to you

don't ask me do you wanna talk? do you wanna talk it through swear I ain't got anything on my mind I don't wanna talk to you

I am just thinking about you I am just thinking about you I am just thinking about you I am just thinking about you
