Pearl Jam, Won't Tell

Pearl Jam prezentuje utwór "Won't Tell" z płyty "Dark Matter" (premiera 19 kwietnia 2024 r.).

Her eyes were soft and sympathized
A vision so uncompromised
Floated in

As she pulled the book up off the shelf
Her dressing gown and nothing else
But a secret grin

And I always had one question
Free of all suggestion
Do I say or keep it in?

You can find me here
Waiting for your message to come
Can you heal? Can you feel
The chains in my heart?
Waiting for a message to come
Can you heal? Can you feel
The change in my heart?
In my heart

She laid the book upon the desk
Opened to the page I asked
Could that be the one?

As she smiled and played a minor chord
In a key I never heard before
One song and it was done

You can find me here
Waiting for your message to come
Can you heal? Can you feel
The chains in my heart?
Waiting for a message to come
Can you heal? Can you feel
The change in my heart?

Oh, I'd open the door, I'd let you in
I would open it if you came
But if it's not you knocking
It's staying closed
Oh, I'd open the door, shed all my skin
Allow for a bit of grace
For in my dream you told
Me to let the longing go
Oh, and the promise I still hold
Won't tell a soul

Can you feel?
Can you heal?
Can you feel
The change in my heart?
Can you feel?
Can you heal?
Can you feel?
Can you heal?
