

# James Newman, Embers (Wielka Brytania, Eurovision 2021)

Sometimes i know my fire burns low  
But as long as you're with me  
I'll never get cold

Dat and night  
Till darkness and light  
I never worry when you're by my side

Feelings change and seasons fade  
But nothing will burn us out  
Nothing can stop us now

Out of the embers  
You and i gonna light up the room  
(You and i gonna light up the room)

Out of the embers  
There's a fire burning for you  
(You and i gonna light up the room)
