My favorite

I treat my penthouse like basements, yeah
I treat a bad bitch like she basic, oh yeah
I hit 300 hoes way before I was famous, yeah
I'm faded, I'm faded I usually don't say shit

Faded
Faded

She would fuck with a nigga even if I aint had no bands
She wanna take it slow, I told that bitch that go pop some xan's
She said I took about three I don't know how long it's gonna last
I tell her shut the fuck up cause she love when I talk like that

I just wanna get you naked
I just wanna get you naked
I just wanna get you naked

Out of all the pussy This my favorite (Your My Favorite)
And all my niggas say J better chill but I know you a keeper
Bought you a Benz with the windows tinted can't nobody see you

I just wanna get you naked
Out of all the pussy this my favorite
Smoke that shit by the oh
Fucked her so good she like oh
My nigga I'm a CEO

Look we can talk about hits, or talk about who I hit
Did a song with 2 Chainz but I was rocking bout six
Yeah, I broke up with my ex and I ain't talk to her since
The only time I need a spark is when I light up my spliff
Yeah, I've been all around the world I'll probably write me a book
Three kitchens in the crib and I don't know how to cook
I got a mansion in Miami I forgot how it looked
All I need is two things and that's pussy and kush

Whippin in the foreign nigga always
Got a nigga feeling like the god I think I'm Charlamagne
Tooth brush for all the plaques in my hallways

She would fuck with a nigga even if I aint had no bands
She wanna take it slow, I told that bitch that go pop some xan's
She said I took about three I don't know how long it's gonna last
I tell her shut the fuck up cause she love when I talk like that
